SUPPORTED BY YOUR LOCAL NATURAL
RESOURCES MANAGEMENT BOARD

Come and be amazed at the brand new **Ecoville**, a place where you can chill out, learn and participate, where environmental challenges inspire solutions, and everything is good for the earth.

Ecoville will provide an empowering interactive insight into our contemporary environmental challenges, and leave the audience with practical and innovative solutions. Ecotalks will be held on a broad range of topics, with high profile speakers. In *Its not waste till you waste it* workshops, leading artists will help participants use wastes collected on site to make tetra-pak wallets and purses, beautiful bags, jewellery, tin can furniture and more.

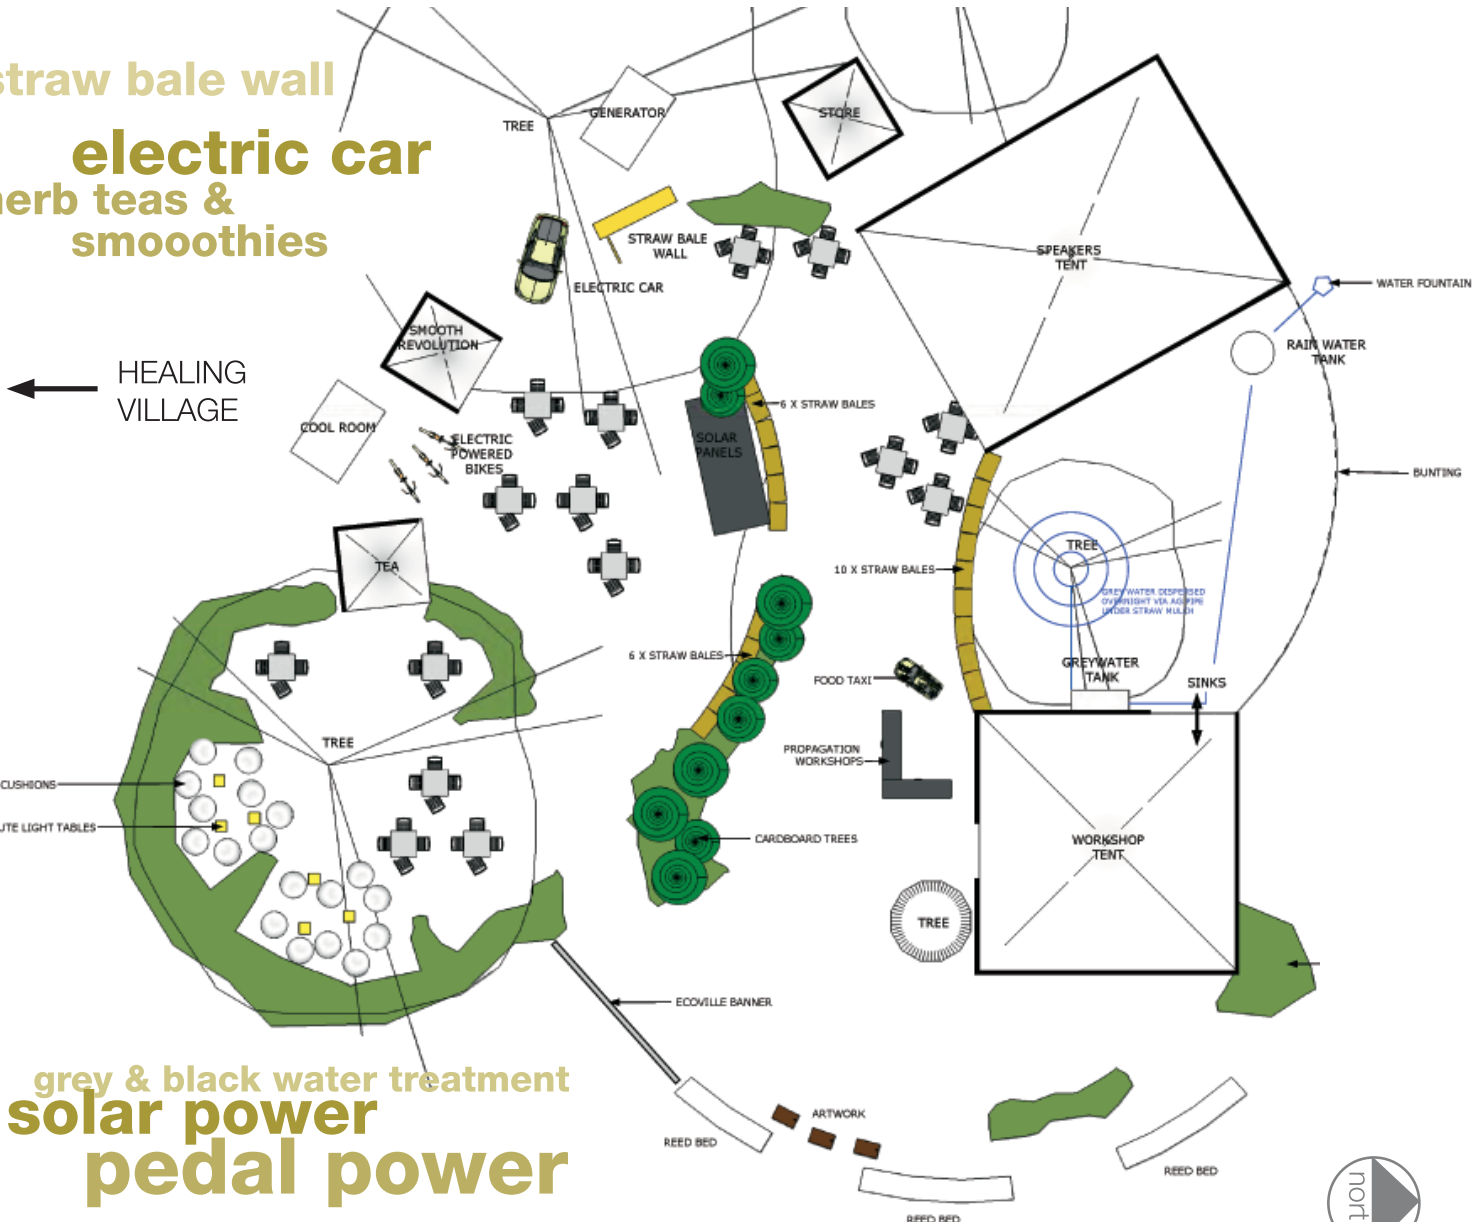

Ecoville is supported by the Adelaide and Mount Lofty Ranges NRM Board, www.adelaide.nrm.sa.gov.au and **Ecoconscious** www.ecoconscious.com.au
